Hon. Judges U.S. Supreme Court,

Gentlemen,

We the undersigned respectable citizens of the United States have come to the following inescapable conclusion,

That the savage lynch penalty imposed on Angelo, Herndon by the State of Georgia has the same underlying political reason which caused the conviction of the Scottboro boys in Alabama. A program of terrorism to intimidate the black and white workers of the South in their United demand for their rights theoretically guaranteed by the Constitution and the Declaration of Independence, Life Liberty and the Pursuit of Happiness.

There fore as Citizens who \_\_\_\_\_\_ a bitter experience under stand the exact terrible conditions against which Angelo, Herndon was leading a protest, a desperate effort to keep alive a rotten dying social order at the expense of the working class, we demand a reversal of this verdict and that Herndon be given unconditional freedom.

Respectfully,

Committee ----- Chairman Mac A. Whitten Jim Davis C.A. Halvorson

Secretary,
