

December 24, 1936

Dear Mr. Kennedy:

In the absence of Mr. Currie your draft speech has been turned over to me for consideration. There appears to be nothing in it to which the Commission can object in any way. I have asked the Chairman whether he wished to have any particular point brought out which is not now included in the speech and he replied in the negative.

I assume that you will let us know whether the Association will pay your expenses as soon as you have obtained an answer from them.

Very truly yours,

John B. Martin, Jr.
Legal Secretary to the
Chairman.
