RE: Mr. Milton Kroll

Dear Mr. Lane:

Mr. Milton Kroll who has been on temporary duty in this office for the past six weeks will report for duty in Washington on Monday, the 24th of March. I wish to take this opportunity to comment on the unusually splendid job that Mr. Kroll has done in this office. He has not only carried out the duties for which he was sent here in a thorough and workmanlike manner, but he has devoted a great deal of time, a considerable part of it his own, in working out problems of a type which required much ingenuity along other lines.

Mr. Kroll has been responsible for conducting a forum for cashiers, accountants and office managers of Northern Ohio securities firms, which was designed to educate these firms along the line of compliance with the various statutes administered by the SEC. He handled these forums and the multitude of questions arising from them in a most experienced and diplomatic manner.

Very truly yours,

Dan T. Moore  
Regional Administrator
