MEMORANDUM FOR: DOUG BENNETT

FROM: JEANNE HOLM

SUBJECT: SEC and Consumer Product Safety  
Commission Recommendations

I have received several recommendations to appoint Marilyn Brown to the Securities and Exchange Commission, which I forwarded to you previously. Since the SEC, to my knowledge, has never had a woman, I think this would be an excellent place for another woman appointee.

Additionally, the names of several women have been suggested for the Consumer Product Safety Commission vacancy. I am hopeful that another woman will be named to that Commission.

Could you tell me the status of these two appointments?
